

Sinclair is being blatantly partisan during an election, contrary to its responsibility towards the public as a media provider to be fair, even objective. Its also called ABUSE.

Countries like Zimbabwe, a dictator state in Africa, use the airwaves to put across blatantly partisan smear pieces to the viewers.

Is the USA going to allow such blatantly anti-democratic actions by anyone? The USA, where all aspirations lie about what is true democracy (that which we are preaching to IRAQ?)

FCC - either insist Sinclair air a pro-Kerry piece of equal length or disallow them to air the anti-Kerry piece. Please!!
